 Dedicated to the best interests of a
 greater Jeffersonville.

PRICE TWO CENTS

View from Ohio river showing construction of steel superstructure. (Right) Pier 5, showing sign of American Bridge Company. (Left) View showing construction from Piers 5 and 6.

While more than a year has passed since the first stone of the new bridge was laid, the Ohio River bridge is to be completed in the near future. The approach to the bridge is to be extended from Pier No. 1, the pier containing the arch on the Kentucky shore, to a point eighty feet south of Washington street. This is to be of plate girder construction on steel columns and concrete piers. The bridge is to be a section built of steel and concrete. The bridge will be a duplicate of the one which is now being built on the Kentucky shore. The bridge will be a duplicate of the one which is now being built on the Kentucky shore. The bridge will be a duplicate of the one which is now being built on the Kentucky shore.

Borders Of France Guarded By Iron Walls

NATION HAS SPENT 25,000,000 FRANCS ON DEFENSE AGAINST GERMANY, ITALY

Paris—France's fortified "Wall of China," a separate her from her neighbors to the east and southeast, slowly is rising in the form of four-foot thick steel and concrete pillars and unbreakable gun shelters and bomb-proof ammunition stores deep underground.

Work was slowed up by the hard winter, but has been pushed rapidly since good weather allowed a continuous year the first of the concrete and steel, the first credits of 250,000,000 francs spent.

The 1930 budget, which M. Cheron, the minister of finance, will place on the desks of Parliament, will contain a second great credit, probably between 400,000,000 and 500,000,000 francs.

As soon as the sum is fixed and voted, the general staff of the army will draw up a definite program of building for 1930.

In building the great system of fortified defenses along the German frontier, the German government under the Dawes plan payment in nature and really represent no actual investment of money by France.

Four Accidental Deaths In County During Month

Verdicts of County Coroner Asa D. Combs, filed in the office of County Clerk, Charles V. Babb, show that four persons died accidentally during the month of May in the county.

Mrs. Nellie May Herrin, 24, Jeffersonville, and Thomas A. Thaxton, 38, Louisville, died in an accident May 4, when an automobile in which they were riding crashed into the side of a fast-moving passenger train at the crossing of the Baltimore & Ohio rail road and the Hertsch road, west of Jeffersonville.

James Rush, 29, bridge worker, died in a fall from the "Big Four" bridge, on Saturday, May 11. He was working on the bridge when a falling bolt struck him on the head and hurtled him into the Ohio river. His body was recovered Tuesday.

Mr. Arthur Curtis Auer, proprietor of the St. Anthony Hotel, Jeffersonville, died of cerebral hemorrhage at his home on May 2, at the rectory on East Maple street.

Mrs. Mary P. Fox, 75 died of acute dilatation of the heart at her home on East Maple street, David Daily, 64, Charlestown, vinegar manufacturer, died of cerebral hemorrhage at his home on May 24.

Clifton A. C. To Oppose Evening News Nine Sunday

STRONG LOUISVILLE AGGREGATION MAY UPSET WORKING MEN AT PENNSY PARK

Manager Wenige of the Evening News nine hopes to have his charges in trim for a real battle tomorrow at Pennsy Park. The Clifton A. C. of Louisville will furnish plenty of opposition for the teams and with ideal weather at hand the odds are good that the day should not be one of the best in the baseball history of the city.

Some local fans were disappointed in the showing of the Newspapers Memorial Day but there is no disgrace in being beaten by a good pitcher so the attendance at the games should not fall off for this reason. J. C. Wilson and Ed Winters will call the plays and get under way at 2:45 o'clock.

There may be a slight shake-up of the News lineup for tomorrow's game. Some new faces may appear on the field when Umpire Wilson chairs. The intense heat Thursday day affected Mike Nolan and Carl Braun to such an extent that they had to be removed from the lineup, but rough are expected to be back tomorrow.

Kenny and Stallard may again start in the outfield for the Newspapers though Ken Raney is in a position to oust one of the stars. The inner works may receive a slight jolt, though Manizer Wenige gives out his lineup as being similar to Thursday's. Peck and Lefty Hogan secondary in line to receive the ball. Behind the plate, Cecil Lambert is the catcher. Manager Joe Mac is to become regular backstop for Cal Hillon's Calumet nine. A stop for Cal Hillon's Calumet nine. A stop for Cal Hillon's Calumet nine.

Tenth U. S. President Gained Office Upon Death of Harrison in April 1841

Entered White House As Whig Soon Developed To Be More Of A Virginian

This is one of a series of articles, prepared by Frederick H. Frank, Washington newspaper man. John Tyler, tenth President of the United States, was born March 29, 1790 at Greenway, Virginia. Of English descent and the son of Judge John and Mary Armistead Tyler. He was educated at William and Mary College. Was a lawyer and a member of the Virginia bar.

He died January 17, 1862, of a bilious attack at Richmond, age 71. He was buried in Hollywood Cemetery, Richmond. Married in 1813, to Letitia Christian. They were the parents of three sons and four daughters. After her death, 1842, he married in 1844, Julia Gardiner. They had five sons and three daughters. He was a member of his immediate family and a few friends have been remembered. De-Pauw is, according to the will, to have the residue of the estate which has been estimated by the executor of the will, to be worth somewhere between the quarters of a million dollars. The residue of the estate is to be divided among those that have ever come to the institution.

De-Pauw University, located at De-Pauw, Indiana, graduated with the class of 1879. Immediately after his graduation he went to Kansas City where he had been ever since. He was president of the Kentucky Furniture Exchange in Louisville. He was one of the many of the larger business institutions of that great city. He was never in the United States Bank funds. When the United States Bank funds. When the United States Bank funds.
